Risks we are facing in this environment

- Reduction of commodity prices and further troubles in China.
- Greater perception of risk in the región.
- Lower growth in the Euro zone, US and China.
- Potential spill over effects from the recent downgrade of Brazil.
- El Niño Southern Oscillation.

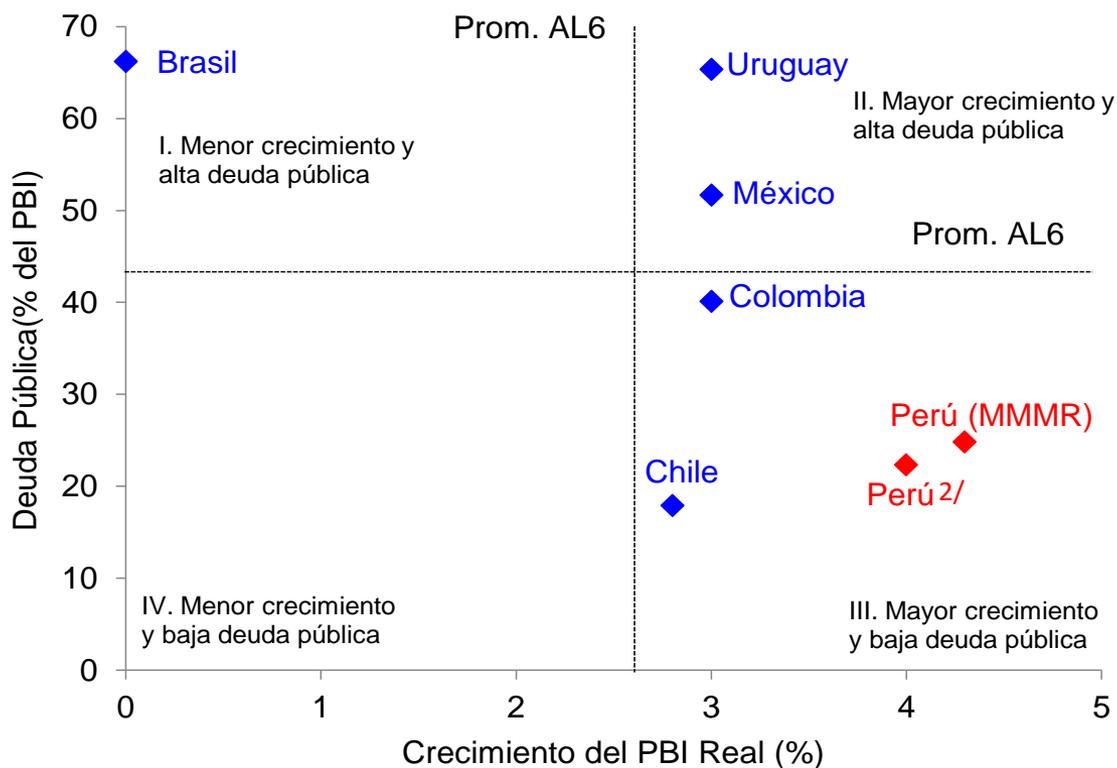

Our key strengths

- Fiscal strength.
- Resilient private consumption.
- Mega projects under execution.
- Capacity for public investments.
- Greater mining production.

Perspectives: Leveraging fiscal strength
